ON-STREET PARKING

Both metered and non-metered parking spots are available downtown and in the north end. Meters are active Monday through Saturday from 9am – 6pm and may be paid by quarters or by using the Passport Parking App. Meters are free on Sundays and holidays.

Scan the QR code to download the Passport Parking App.

**Passport
Parking**

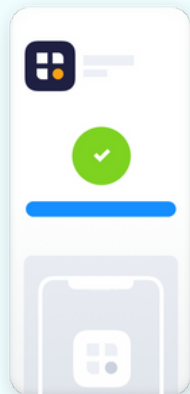

The City of New Bedford has partnered with Passport, the operating system that provides contactless payment options to cities, for parking payment through its mobile app.

Passport’s digital application is a cashless alternative to paying at a meter or pay station. Motorists can use the Passport Parking App across more than 1,400 on and off-street parking spaces in the city to safely manage and extend sessions remotely without the need to touch parking hardware.

To begin a session, users can follow these simple steps:

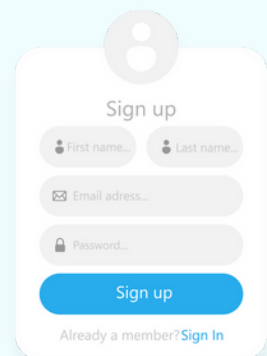

01

Download the free **Passport Parking app** from the App Store or Google Play

02

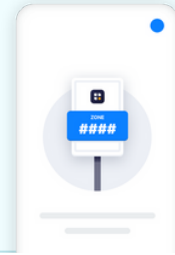

Create an account with an email address or phone number

03

To **enter a zone number**, simply enter the number printed on the side of each meter. If the number printed includes an A or B at the end, neglect that in your entry in the app

04

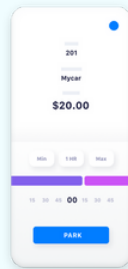

You will then be prompted to enter your vehicle's license plate number now rather than a space number.

05

Choose the desired amount of time, up to the designated maximum time limits

06

Enter payment information and confirm session!

What do the different colors on the parking meters indicate?

Green = 3 hours

Blue = 4 hours

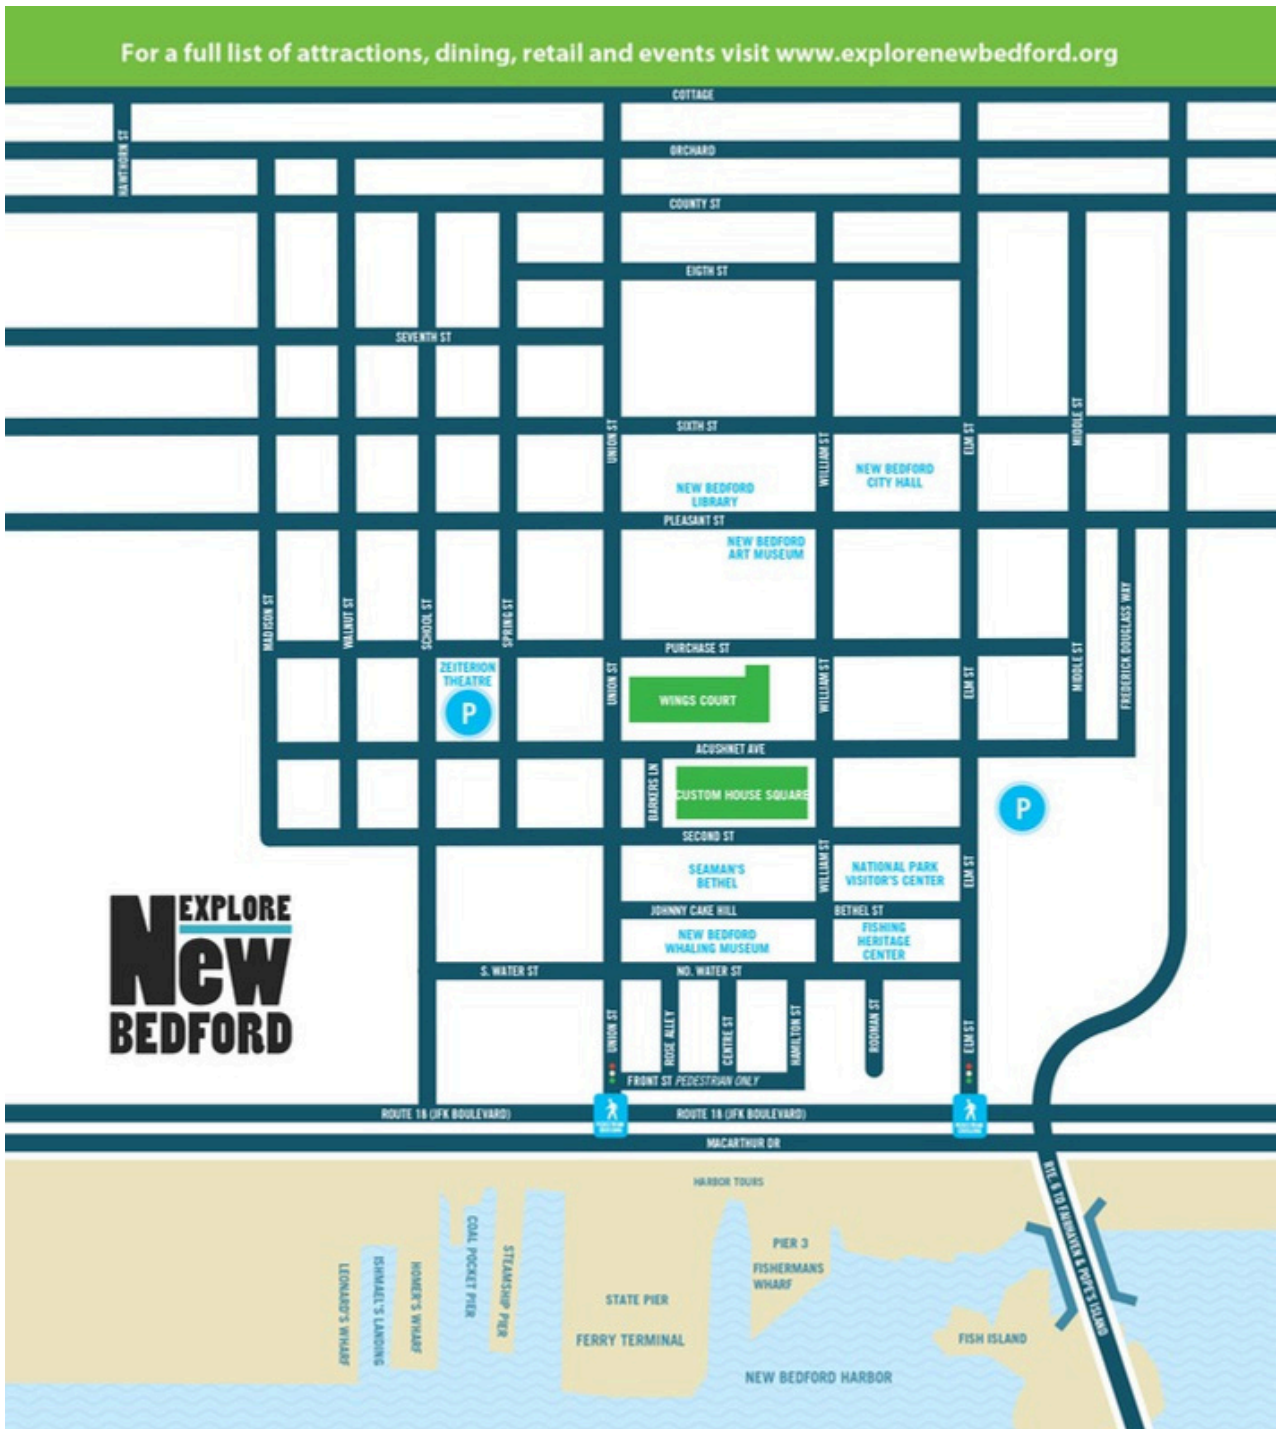

Yellow = No limit

Parking Garages

Downtown has two parking garages that are open for paid parking 24/7. Rates are \$2 per hour or \$12 per day maximum.

Accessible Parking

Vehicles with a valid handicap placard can park at any meter downtown or in the north end at no charge. Beach parking has dedicated handicap parking spots available.
